

HIRING AND HEADCOUNT POLICY

=====

SECTION 1: REQUISITION APPROVAL

Every open role requires a signed requisition from the hiring manager and the department VP before it can be posted externally.

SECTION 2: CONTRACTOR CONVERSIONS

Contractors may not be converted to full-time employees before completing a minimum 90-day engagement, except with CHRO exception approval.

SECTION 3: HIRING FREEZE CONDITIONS

A company-wide hiring freeze is triggered automatically when projected cash runway drops below 6 months. During a freeze:

- All open, unfilled requisitions are frozen immediately.
- Backfills for critical client-facing roles require CFO exception approval.
- Internal transfers are still permitted; external hiring is not.

SECTION 4: SEVERANCE

Standard severance is two weeks of base pay per year of tenure, capped at 26 weeks, administered per local employment law.
