

VENDOR PAYMENT AND ACCOUNTS PAYABLE POLICY

=====

SECTION 1: PAYMENT RUN SCHEDULE

Accounts Payable runs payment batches every Tuesday and Friday. Invoices received after 5pm Monday roll to the Friday run.

SECTION 2: LATE PAYMENT ESCALATION

Invoices unpaid 10 days past terms are escalated to the AP Manager.

Invoices unpaid 30 days past terms are escalated to the CFO directly.

SECTION 3: EMERGENCY PAYMENT HOLDS

During an active emergency cost-control trigger, all vendor payments over \$5,000 that are not tied to a signed contract with a penalty clause are held for manual CFO review before release.

SECTION 4: DISPUTED INVOICES

Disputed invoices are held from the payment run until Procurement confirms resolution in writing; the 30-day payment clock pauses during a dispute.
